

SITE RESEARCH ANALYST

JD Sports Fashion Plc is an international multi-channel retailer operating over 800 stores under a number of fascias.

The JD Site Research team are recruiting for a Site Research Analyst to join their busy and expanding department at Head Office in Bury.

The position offers an exciting opportunity to shape the group's future store network across the UK and Europe. Your primary responsibility will be to provide detailed and accurate sales forecasts to ensure that capital investment is targeted at opportunities that deliver the optimum return. In addition you will also undertake a wide range of location and consumer related project work.

The successful candidate should be able to demonstrate the following skills and experience:

- 2+ years experience of working within a Retail or Consultancy location planning team.
- Proven track record in sales forecasting.
- Full understanding of location planning methodologies and usage of geo-demographics.
- Experience in the application of analytical tools such as GIS, Alteryx and SPSS.
- Ability to communicate (both written and verbal) cross-functionally and to a wide variety of audiences.
- Excellent team player.

For this role you would need a full driving licence.

If you are interested in joining the team then please forward a covering letter and a copy of your CV to:

Alastair Browne
Site Research & Development Manager
alastair.browne@jdplc.com

Closing date for applications is Friday 13th September.
